Third District

DON KNABE  
Fourth District

MICHAEL D. ANTONOVICH  
Fifth District

Dear Supervisors:

**REQUEST FOR APPROPRIATION ADJUSTMENTS TO VARIOUS BUDGET UNITS  
(ALL DISTRICTS AFFECTED) (4-VOTES)**

**IT IS RECOMMENDED THAT YOUR BOARD:**

1. Approve the attached appropriation adjustments necessary to realign and adjust the FY 2005-06 Final Budget based on changing financial needs of various County budget units.

**PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

This office has committed to improve the process of monitoring and reporting the financial status of each budget unit, which included making mid-year adjustments as necessary. On January 31, 2006, your Board approved mid-year budget adjustments to align and adjust the current year budget based on financial information provided by the departments and concurred with by this office. As the end of the fiscal year draws near, we are now submitting our second mid-year budget adjustments.

Bolstered by the strong real estate market in the last year, coupled with the State's Local Government Agreement that permanently shifted Educational Revenue Augmentation Fund (ERAF) property tax revenue to the County in-lieu of vehicle license fee revenue, we are forecasting a current-year savings in excess of \$400.0 million that can be designated for one-time purposes. Consistent with County Budget Policy, we are recommending that a portion of the current-year savings be earmarked now for projects or expenditures that are one-time in nature such as capital projects, early debt retirement, one-time program costs or one-time purchases.

The following explains each budget adjustment submitted for consideration based on the most current information available:

### **Assessor**

Supplement the Designation for Assessor Tax System by \$20.0 million, fully offset by projected increases in Non-Departmental revenues. This increase will be used to finance a new Secured Property Tax System that will provide for the redesign of existing work processed within the Assessor's Office, improve effectiveness and efficiency in property tax administration and enhance interfaces with other property tax departments.

### **Capital Projects**

- Realign revenues of approximately \$0.1 million to properly align project funding with expenditures on the Loma Alta Park, Gym and General Improvement capital projects.
- Increase appropriation authority by \$86,000 for the New Childcare Facility capital project, fully offset by reductions of prior year commitments.
- Increase the various capital project budgets by \$50.0 million for critical capital needs throughout the County.

### **Community and Senior Services**

Transfer \$1.6 million from Provisional Financing Uses to the Department of Community and Senior Services. The transfer is needed to offset a projected deficit that is currently being forecasted in the Department's Aging Programs and Health Care Workforce Development Program (HCWDP). The projected deficit is primarily due to the Department's inability to fully recover costs associated with operating these programs. The HCWDP ended in December 2005 and the Department will no longer incur costs related to this program. The Department is currently evaluating the service levels associated with operating the Aging Programs and will present recommendations to your Board early next fiscal year.

### **Coroner**

- Increase appropriation authority for the Coroner's Department capital project by \$10.0 million, fully offset by a corresponding increase in property tax revenues. The proposed Coroner's project will address the required additional space for autopsy, laboratory operations and storage; repairs/replacement of the heating, ventilating,

and air conditioning system to address the ventilation and circulation issues of the existing facilities; provide for additional crypt space; and repair/replacement of other building systems to meet the Coroner's operational requirements and to avoid outbreaks of communicable airborne diseases to employees.

- Increase by \$0.3 million services and supplies appropriation authority for the Coroner's operating budget, fully offset with a corresponding increase Non-Departmental Revenue. The increase in appropriation is needed to mitigate the Coroner's excess body storage problems, which primarily include unforeseen rental costs for a refrigerated trailer to house the excess bodies, additional staff time to expedite decedent processing, transportation costs to transport the bodies to private crematories, and additional crematory costs to dispose of the bodies.

### **Cultural Institutions**

Increase by \$20.0 million other charges appropriation for the Project and Facility Development budget unit, fully offset with a corresponding increase in interest earnings from the County's Treasury Pool. The increase in appropriation will be used for grant awards to support the planning and development of priority capital projects for cultural institutions, which includes La Plaza de Cultura y Artes Foundation, the Museum of Art, the Museum of Natural History and the Music Center. Upon approval of the recommended changes, the Chief Administrative Office (CAO) will execute funding agreements with the Plaza de Cultura y Artes Foundation, City of Manhattan Beach, Museum Associates, Museum of Natural History Foundation, and the Performing Arts Center of Los Angeles County.

### **Economy and Efficiency Commission**

Increase the Board of Supervisor's services and supplies appropriation by \$50,000 to offset the costs already incurred to refurbish the offices of the Economy and Efficiency Commission, including painting, carpeting, wood working, new furniture and office equipment. The increase in appropriation is fully offset with an increase in Non-Departmental revenues.

### **Health Services**

- Supplement the Designation for Health Services Future Financing Requirements by \$47.0 million, fully offset with a corresponding increase in property tax revenues. This supplement serves as the intergovernmental transfer amount required to generate the managed care supplemental rate revenues, pending discussions with State and federal officials.

- Cancel the Reserve for Long-Term Receivable Cost-Based Reimbursement Clinics (CBRC), which totals \$165.4 million and supplement the Designation for Tobacco Settlement by the corresponding amount. The long-term receivable is no longer needed as full payment from the State is expected for prior-year CBRC claims.
- Transfer \$1.5 million in services and supplies appropriation to fixed assets appropriation in anticipation of the purchase of radiology equipment for the Picture Archive and Communication System (PACS) at Harbor-UCLA Medical Center. The equipment is needed to support the Department's effort to migrate from film to digital radiological images.

### **Homeless and Housing Programs**

Reflects an \$80.0 million increase for the Designation for Homeless and Housing Programs, fully offset by a corresponding increase in property tax revenues. The planned use of this one-time funding may include the following: emergency, transitional and permanent housing; an acquisition and/or predevelopment loan program; and operating costs and rental subsidies associated with supportive services linked to housing. Final recommendation of funding allocations will be made in collaboration with the members of the Special Needs Housing Alliance, participating County departments and input from key private and public sector stakeholders with final decision making by the Board of Supervisors during the supplemental phase of the budget in September.

### **LAC+USC Replacement Project**

Transfer \$20.0 million from Non-Departmental Special Account services and supplies appropriation to the LAC+USC Replacement Project. The increase in appropriation authority is needed to offset cost increases for construction, architectural and engineering services, consultant and vendors services, and permit and plan checks fees.

### **Los Angeles County Capital Asset Leasing (LAC-CAL)**

Reflects an \$8.1 million increase in other charges appropriation along with a corresponding increase in expenditure distribution that is necessary to correctly reflect the full amount of LAC-CAL equipment lease billing collections from County departments in the current year.

### **Mental Health**

- Align appropriation and revenue to better reflect projected operating results. This adjustment shifts \$1.2 million in salaries and employee benefits appropriation to services and supplies appropriation to fund temporary psychiatric services utilizing

vacant budgeted positions. Temporary psychiatrists provide psychiatric evaluations, medication support, crisis intervention treatment, consultation and training services on an intermittent and as-needed basis to fill unanticipated service gaps when County psychiatrists terminate employment. Temporary psychiatrists allow for uninterrupted patient care delivery while the Department recruits permanent psychiatrists.

- Transfer \$0.5 million from the Department of Mental Health's operating budget to fund a refurbishment project for the Public Guardian Probate Conservatorship program. In order to address operating shortcomings within the program, your Board authorized an increase of 32.0 budgeted positions over a two-year period (FYs 2005-06 and 2006-07). To accommodate the increase in staffing, the Department needs to reconfigure the program's current work environment. The refurbishment project will include the reconfiguration of the Hall of Records 15<sup>th</sup> floor work area to provide for new workstations for the new employees.

### **Probation Department**

Reallocate \$7.1 million in projected appropriation savings from the Probation Main and Care of Court Wards budget units along with \$3.4 million in unanticipated Title IV-E revenue to offset projected expenditure increases within the Detention and Residential Treatment budget units. These cost increases are primarily due to the increase use of overtime as well as \$64,000 to cover an increase in litigation costs. The budget adjustment also realigns revenues to better reflect actual operations.

### **Provisional Financing Uses**

Transfer \$2.0 million in one-time funding currently budgeted in Provisional Financing Uses to the Designation for LiveScan. This funding, which your Board has previously set aside, will be used to implement a mandatory nationwide background check for sensitive positions responsible for direct care, oversight or protection of children.

### **Rent Expense - Debt Retirement**

Reflects a \$19.5 million increase in services and supplies appropriation along with corresponding increase in the expenditure distribution appropriation for the Rent Expense budget unit. This appropriation increase will enable the CAO Real Estate Division to prepay, at substantial savings to the County, tenant improvements on real property leases where the improvements have been financed at annual rates ranging between 7 and 12 percent.

## **Salaries and Employee Benefits**

Transfer net County cost of \$20.2 million from the Non-Departmental Special Accounts budget unit to the Probation Department's budget units (\$12.8 million), the Sheriff's budget units (\$7.2 million) and the District Attorney (\$0.2 million) for negotiated salary and employee benefit increases approved by the Board after the adoption of the Final Budget.

## **Sheriff's Department**

- Set aside \$167.0 million in the Designation for Jail Construction and add \$1.0 million to fund programming and feasibility studies for the jail master plan in the Project and Facility Development budget unit. These increases are fully offset with a \$168.0 million increase in one-time property tax growth.
- Set aside \$21.0 million in the Designation for Security Enhancement, fully offset with a \$21.0 million increase Non-Departmental Revenue. This funding will be earmarked to enhance security at jail facilities throughout the Sheriff's custody system.

## **Treasurer and Tax Collector**

Transfer \$5.1 million from the Treasurer and Tax Collector's operating budget to the Designation for the Los Angeles Public Administrator/Public Guardian Information System (LAPIS) to finance software conversion and system replacement. LAPIS is more than 20 years old and used to maintain accounts for decedents and conservatees by several County departments.

## **Implementation of Strategic Plan Goals**

These appropriation adjustments support the Board-approved County Strategic Plan goals of Fiscal Responsibility, Community Services, Health and Mental Health, and Public Safety. The adjustments will allow proper alignment of the budget to the department's changing operational needs.

## **FISCAL IMPACT/FINANCING**

The recognition of \$366.4 million in non-operating revenues is offset by corresponding increases in designations and appropriations. The remaining \$70.0 million in recommended adjustments have no net County cost impact since they are financed with the transfer of existing funding from one budget unit to another.

**FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

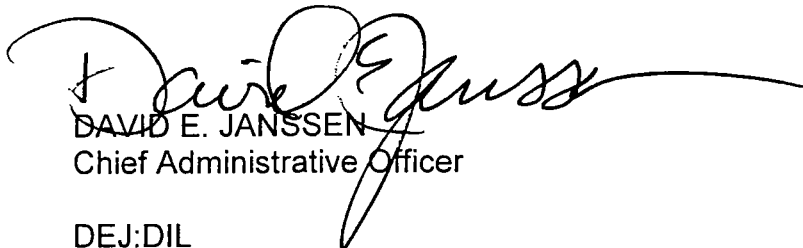

Not Applicable.

**IMPACT ON CURRENT SERVICES (OR PROJECTS)**

Approval of the attached budget adjustments would allow your Board to:

- Realign and appropriate funding to more accurately reflect the spending needs of departments based on the analysis by departments and this office using the most current information available.
- Provide sufficient appropriation to continue necessary programs for public safety and the well-being and improvement of the County's community.

Respectfully submitted,

DAVID E. JANSSEN  
Chief Administrative Officer

## COUNTY OF LOS ANGELES

## REQUEST FOR APPROPRIATION ADJUSTMENT

DEPT'S. No. \_\_\_\_\_

DEPARTMENT OF Health ServicesDATE 05/23/2006

## AUDITOR CONTROLLER.

THE FOLLOWING APPROPRIATION ADJUSTMENT IS DEEMED NECESSARY BY THIS DEPARTMENT. WILL YOU PLEASE REPORT AS TO ACCOUNTING AND AVAILABLE BALANCES AND FORWARD TO THE CHIEF ADMINISTRATIVE OFFICER FOR HIS RECOMMENDATION OR ACTION.

## ADJUSTMENT REQUESTED AND REASONS THEREFOR

Fiscal Year 2005-06  
3-VOTE

## SOURCES:

Health Services Administration  
Services and Supplies

A01-HS-20000-2000 \$1,500,000

Total: \$1,500,000

## USES:

Health Services Administration  
Fixed Assets - Equipment

A01-HS-20000-6030 \$1,500,000

Total: \$1,500,000

## JUSTIFICATION:

This appropriation adjustment is required to shift appropriation from Services and Supplies (S&S) to Fixed Asset for the anticipated costs of radiology Picture Archive and Communication System (PACS) for \$1.5M.

This equipment is to support the Department's efforts to migrate from film to digital radiological images is supported by the requested action and is necessary to implement the DHS standard for radiology PACS and PACS related technology at the Harbor-UCLA Medical Center.
